Quadro 2000 is available in two models with different video outputs:
Quadro 2000 with 2x Display Port + 1x DualLink DVI-I / Quadro 2000D with 2x DualLink DVI-I

Entry-Level:
occasional use of application
small objects and assemblies
about 10% of the users

Performance:
regular use of application
average to large objects and assemblies
using all application features
about 80% of the users

High-End:
pushing the application to its limits
extremely large objects and assemblies
using all application features
about 10% of the users
